

St Peter's College

Cranbourne

CHILD PROTECTION AND SAFETY POLICY

This Policy was developed through the combined efforts of staff, students and Parents at St Peter's College.

St Peter's College falls under the stewardship and governance of the Diocese of Sale Catholic Education Limited (DOSCEL). This policy, and its associated procedures, align with the Child Safety legislative requirements of DOSCEL.

1.0 INTRODUCTION

'...the promotion of the human person is the goal of the Catholic school.'

The Catholic School on the Threshold of the Third Millennium,
par. 9

Protection for children and young people is based upon the belief that each person is made in the image and likeness of God and that the inherent dignity of all should be recognised and fostered.

St Peter's College is entrusted, in partnership with parents/guardians/caregivers who are the primary educators of their children, with the total education of the child. St Peter's school staff therefore have a duty of care to students during school operating hours and at other times when a staff/student relationship exists. Staff fulfil this duty by taking reasonable care to avoid acts or omissions which they can reasonably foresee would be likely to result in harm or injury to the student.

Under the *National Framework for Protecting Australia's Children 2009–2020*, protecting children is everyone's responsibility – parents, communities, governments and business all have a role to play. In Victoria, a joint protocol, involving the Department of Health and Human Services (DHS) Child Protection, the Department of Education and Training (DET), licensed children's services and Victorian schools, including Catholic schools, exists to protect the safety and wellbeing of children and young people.

For the purposes of this joint protocol, acting in the best interests of the child includes:

- reporting to Child Protection all allegations or disclosures of physical abuse, sexual abuse, emotional abuse and neglect
- reporting to Child Protection when a belief is formed that a child has been harmed or is at risk of being harmed
- making the child's ongoing safety and wellbeing the primary focus of decision-making

- sharing appropriate information, expertise and resources with other service providers supporting the child
- protecting and promoting the cultural and spiritual identity of a child and maintaining their connection to their family or community of origin
- enabling the child and the child's family to access appropriate services in order to reduce the long- term effects of abuse or neglect.

2.0 PURPOSE

St Peter's College is committed to child protection strategies and procedures to ensure the care, safety and protection of all children in Catholic schools in the Diocese.

The document sets out the procedures to be followed to ensure that prompt, professional, sensitive and appropriate action is taken by staff at St Peter's College.

3.0 PRINCIPLES

In the best interests of the child, the child protection strategies and procedures to be followed are based on the following principles:

- 3.1 Every child and young person has a right to be safe.
- 3.2 The school environment is expected to be safe, supportive, inclusive and empowering.
- 3.3 All staff of St Peter's College have a responsibility to care for children and to promote their safety, protection and wellbeing.
- 3.4 All children have the right to a thorough and systematic education in all aspects of personal safety in partnership with their parents/guardians/caregivers.
- 3.5 In any dealings regarding safety, the dignity, protection and wellbeing of students involved shall be maintained and respected.
- 3.6 The Principal and staff work collaboratively to ensure that all members of our community adhere to legislation and policies with respect to child protection.
- 3.7 Appropriate confidentiality will be maintained, with information being provided to those who have a right or a need to be informed either legally or pastorally.
- 3.8 In all cases, the school, its teachers, counsellors, administration officers, the parents, psychiatrists, doctors or representatives of government bodies such as the Police or DHHS, may find it necessary to modify these procedures in the light of special circumstances pertaining to an individual child. Given that careful consideration is made of the specific needs of the individual child, and that a care program is developed for that child/young person and agreed to by all relevant parties, it should be acceptable that adjustments to this policy be allowed.
- 3.9 **The Child Safe standards are:**
 - Standard 1: Strategies to embed an organisational culture of child safety, including through effective leadership arrangements
 - Standard 2: A child safe policy or statement of commitment to child safety
 - Standard 3: A code of conduct that establishes clear expectations for appropriate behaviour with children
 - Standard 4: Screening, supervision, training and other human resources practices that reduce the risk of child abuse by new and existing personnel
 - Standard 5: Processes for responding to and reporting suspected child abuse
 - Standard 6: Strategies to identify and reduce or remove risks of child abuse
 - Standard 7: Strategies to promote the participation and empowerment of children.

4.0 DEFINITIONS

- 4.1 Bullying:** Repeated verbal, physical, social or psychological behaviour that is harmful and involves the misuse of power by an individual or group towards one or more persons. Bullying may involve cyberbullying, which refers to bullying through information and communication technologies. Conflict or fights between equals and single incidents are not defined as bullying. (Safe Schools Hub, 2015)
- 4.2 Child Abuse:** Any non-accidental behaviour by parents, caregivers, other adults or older adolescents that is outside the norms of conduct and entails a substantial risk of causing physical or emotional harm to a child or young person. Such behaviours may be intentional or unintentional and can include acts of omission (i.e. neglect) and commission (i.e. abuse). Child abuse is commonly divided into five main subtypes: physical abuse; emotional maltreatment; neglect; sexual abuse; and the witnessing of family violence. (Safe Schools Hub, 2015)
- 4.3 Child Neglect:** The failure by a parent or caregiver to provide a child (where they are in a position to do so) with the conditions that are culturally accepted as being essential for their physical and emotional development and wellbeing. This can be:
- physical neglect, i.e. lack of safety, cleanliness, adequate clothing, housing, food and health care;
 - emotional neglect, i.e. a lack of caregiver warmth, nurturance, encouragement and support;
 - educational neglect, i.e. failure to provide appropriate educational opportunities for the child; and
 - environmental neglect, i.e. failure to ensure environmental safety, opportunities and resources. (Safe Schools Hub, 2015)
- 4.4 Child Physical Abuse:** Generally, child physical abuse refers to the non-accidental use of physical force against a child that results in harm to the child. Physically abusive behaviours include shoving, hitting, slapping, shaking, throwing, punching, kicking, biting, burning, strangling and poisoning. The fabrication or induction of an illness by a parent or carer (previously known as Munchausen syndrome by proxy) is also considered physically abusive behaviour. (Safe Schools Hub, 2015)
- 4.5 Child Protection:** Statutory services designed to protect children who are at risk of serious harm. (Safe Schools Hub, 2015)
- 4.6 Child Sexual Abuse:** Any sexual activity between a child under the age of consent (16) and an adult or older person (i.e. a person five or more years older than the victim) is child sexual abuse. Child sexual abuse can also be:
- Any sexual behaviour between a child and an adult in a position of power or authority over them (e.g. a teacher). The age of consent laws do not apply in such instances due to the strong imbalance of power that exists between young people and authority figures, as well as the breaching of both personal and public trust that occurs when professional boundaries are violated.

- Any sexual behaviour between a child and an adult family member is always sexual abuse regardless of issues of consent, equality or coercion.
- Sexual activity between peers that is non-consensual or involves the use of power or coercion.
- Non-consensual sexual activity between minors (e.g. a 14-year-old and an 11-year-old), or any sexual behaviour between a child and another child or adolescent who, due to their age or stage of development, is in a position of power, trust or responsibility over the victim. Sexual activity between adolescents at a similar developmental level is not considered abuse. (Safe Schools Hub, 2015)

4.7 Mandatory Reporting: The legal requirement to report suspected cases of child abuse and neglect is known as mandatory reporting. Mandated persons include teachers, nurses, police, psychologists, psychiatrists and medical practitioners. (Safe Schools Hub, 2015)

4.7.1 Grooming: The term ‘grooming’ refers to actions deliberately undertaken with the aim of Befriending and influencing a child, and, in some circumstances, members of the child/young person’s family, for the purpose of sexual activity with the child/young person.

4.7.2 Failure to Disclose: It is a clear legal duty on all adults to report child sexual abuse to police. Any adult who forms a reasonable belief that a sexual offence has been committed by an adult against a child has an obligation to report that information to police.

4.7.3 Failure to protect: As soon as a person in authority becomes aware of a risk of child sexual abuse, he/she will be under a duty of care to remove or reduce that risk.

5.0 PROCEDURES

5.1 St Peter’s College staff who identify concerns regarding the sexual, physical, psychological and emotional abuse or neglect of a child must respond according to Mandatory Reporting, Grooming, Failure to Disclose and Failure to Protect legislation and policies.

5.2 When an allegation is directed against school employees (teachers, administrative staff, grounds staff or any other staff member), the Multi Enterprise Agreement and the procedures outlined in “Protect: Identifying and Responding to All Forms of Abuse in Victorian Schools”, are to be used.

5.3 Allegations directed against any clergy or members of religious institutes should be reported to police and the Bishop of the Diocese, via the Director of Catholic Education (as a member of the Professional Standards Committee). The reporting person(s) must also fulfill other relevant requirements, i.e. mandatory reporting.

5.4 The Principal shall ensure that staff receive induction and ongoing professional learning in relation to the child safety and protection policies and procedures, inclusive of mandatory reporting, on an annual and ongoing basis.

5.5 The Principal shall ensure the school's pastoral care structures reflect all child safety and protection policies and procedures.

6.0 EXPECTED OUTCOMES

- 6.1 School community members will work respectfully and collaboratively with families and communities.
- 6.2 St Peter's College employees are informed of child safety and protection and are expected to be self-aware and adhere to their professional obligations and responsibilities.
- 6.3 **Students** are informed of child safety and protection and are educated to be self-aware
- 6.4 All allegations will receive a prompt response and be clearly documented.
- 6.5 This Policy will be reviewed as part of the school renewal cycle (4 yearly basis).
- 6.6 An annual risk assessment of child safety procedures will be undertaken.
